MISSION

- The mission of FBIDC is to promote the expansion of the economic base of the City of Franklin through strategies to make the community an increasingly attractive location to conduct business, to work, to play, and to raise a family. Specific goals included:
- To undertake targeted programs designed to assist existing business in remaining and growing
- To attract a variety of business types
- To encourage and support the creation of new businesses.

FBIDC

- FBIDC supports the Soldier's Memorial Hall Renovation and is convening these forums to build community consensus in support of the project
- Earlier discussion had suggested that the city functions would move to another building, but current plans keep both the municipal and Opera House functions in the renovated Soldier's Memorial Hall
- We are asking for your ideas, questions and concerns to share with the Mayor and City Council as they determine the development of a final design that will support the kinds of programs all want to see here in Franklin
