Project Purpose & Intent

The ARCove team was selected to develop recommendations to make the building:

- Safe & code compliant
- Fully accessible
- Purposeful, serving the Franklin community
- Restored for historic architecture

Alignment with 2015 Master Planning Workshop:

- Improved buildings support vitality.
- A vibrant, prosperous Franklin requires investments in downtown revitalization

GOALS

- **Assess**
 - Historic features, uses, people & events
 - Materials deterioration
 - Outdated building systems
- **Plan**
 - Programming for multiple users
 - Safety & accessibility
 - Efficiency and flow
 - Durability
- **Build**
 - Set Priorities
 - Budget
 - Phasing

Historic Assessment

(Past)

Recognition:

- Franklin Falls Historic District, National Register of Historic Places 1982
- Eligible for National Register individual listing – most significant building in district

Constructed: 1892 – 1893

Architect: William M. Butterfield, Manchester, NH

Use: City & Memorial Hall with Opera House

Franklin's unique 19th century Italianate architecture...excellent in design and workmanship.

"Chief among these is the City Hall, which in the old days was called the Opera House."

---National Register Listing

Historic Assessment (Past)

Uses

- Franklin Rotary Club
- Musicals
- Political Events
- Dances
- Sporting Events
- Center of the community

Columnist Will Speak Tuesday

Franklin Rotary Club To Sponsor Cunningham Talk

FRANKLIN, May 26—Bill Cunningham, famed columnist, commentator and lecturer, will appear at the Franklin Opera House Tuesday night at 8 o'clock.

Mr. Cunningham will speak on current world affairs and will also present a piano recital. His appearance in Franklin is being sponsored by the Franklin Rotary Club.

There also will be the Double Quartet Chorus from the Treble Chorister.

Tickets are on sale at Nelson's, both at Truchon Drug, and at the Rotary club.

Women Wrestlers In Feature Bout at Franklin Tomorrow

Australian Team Tag Match To Climax Weekly Mat Show At Falls City Opera House — First Bout Goes on at 8:30

TV wrestling viewers in the New England sector, Zuma, who wrestles bare-footed, is heralded as one of the greatest acrobats the mat game has produced in recent years.

Miss Lake, one of the featured principals, has enjoyed a successful career in basketball, swimming and other sports before turning to the mat game for a professional career.

Kennedy Visit Concludes Three-day NH Circuit

Agenda Includes Faculty Luncheon, Hood House Rest, and Convocation

Democratic presidential nominee U. S. Sen. John F. Kennedy will enjoy a half-hour rest in the Presidential Suite of Hood House Infirmary before his discussion and question-answer period in New Hampshire Hall next Monday.

After visiting Rochester and Somersworth in the morning, Kennedy will arrive in Durham by automobile at approximately 1:30.

He will have luncheon with University officials at the Memorial Union Building, and then go to Hood House for a half-hour breather before meeting his New Hampshire Hall audience at 2:30.

The Senator will then speak for approximately half an hour, after which a 20-30 minute question and answer period will follow.

Kennedy will leave Durham at 3:30 for Newington, where he will tour the Simplex Wire Company. At 5:00 he will arrive in Portsmouth for a press conference at the Rockingham Hotel, followed by dinner, another rest, and two recitations there. At 8:15 Senator Kennedy will arrive in Dover for a public reception at the Dover City Hall until 9:15.

This whirlwind wind-up will terminate Kennedy's three-day pre-primary campaign in the Granite State. On Saturday and Sunday he will appear in Laconia, Franklin, Tilton, Concord, Suncook, Manchester, Nashua, Berlin, Lebanon, and Claremont.

His UNH convocation will be in line with the continuing political education forum now being carried on by the University. Last week Vice President and Provost Edward D. Eddy, Jr., stated: "A number of major political figures have been invited here in order to give students, and faculty an opportunity to hear the important issues discussed during an election year."

WMDR, Mike and Dial Radio will cover the speech and discussion period live and on tape.

Policemen Plan Ball

FRANKLIN, May 20—The first annual Policeman ball will be held Friday evening at Franklin Opera house. Dancing will be from 8 to 1 to music from a popular out-of-town orchestra. Dress will be semi-formal.

Chief Charles Legare is chairman of the committee in charge of the arrangements and is assisted by Officers Robert Miller, Isadore Dunn, John Pikor and Sidney Martin.

 **Historic Assessment**
(Past)

Historic Character Defining Features

Exterior

- Large brownstone arch framing stepped main entrance
- Corbeled brick cornice and gabled roof
- Deep set windows with detailed brickwork and brownstone lintels
- Richardsonian Neo-Romanesque design
- Heavy, horseshoe entry arch supported by piers
- Four round arch opening at belfry

Historic Character Defining Features

Interior

- GAR Hall
- Interior woodwork original to 1893 construction
- Mezzanine horseshoe shape wood paneling

Woodwork

G.A.R. Hall

Historic Assessment

Opera House

Conditions Assessment

(Present)

A close look at current conditions:

- Architecture
- Mechanical electrical plumbing & fire
- Structure
- Performing Arts

Architectural

- Existing uses, wayfinding
- Building enclosure
- Life Safety, Egress
- Accessibility
- Restrooms
- Interior Finishes, Lighting, Technology
- Interior moisture damage
- Energy Model

Conditions Assessment (Present)

MEP/FP

- No fire sprinkler system.
- HVAC system – No A/C. Inefficient distribution.
- Electrical panels, wiring devices, not to code.
- Lighting does not meet energy code.
- Plumbing fixtures are worn, inefficient and inadequate
- Fire alarm system does not provide adequate coverage.

Conditions Assessment
(Present)

Structural

- Exterior repointing needed at cracked brickwork and localized brownstone banding.
- Minor areas of dislodged masonry at basement level to be rebuilt
- Sagging at deteriorated beam at basement rear floor framing.
- Water damage from roof leaks over Tower & Auditorium.
- Cracked brick pier supporting south end of center attic truss, reinforce in place.
- Split rafter tails, add joist hangers
- Reinforce various checks in trusses

 **Conditions Assessment**
(Present)

Performing Arts

- No fire safety curtain at proscenium
- Inadequate egress at mezzanine seating
- No operable rigging.
- Existing wood grid unsafe
- Theatrical lighting inadequate & inefficient
- Mostly non-accessible
- Insufficient bathrooms and backstage support area.
- MEP encumbrances backstage
- Limited ticketing, no concessions

Conditions Assessment

Opera House Recommendations

(Future)

- Egress & Fire Separation
- Balcony seating updated to code
- Replace wood grid with code compliant steel grid
- Attic catwalks for AV & Lighting
- Lighting and Sound control booths
- Updated front & back of house: dressing rooms, green room, bathrooms, and concessions
- ADA accessibility

MEP/FP

- New fire protection sprinkler system throughout the building and fire alarm
- New energy efficient system with improved thermal comfort
- Updated HVAC
- Existing electrical system is to be replaced with new service
- Inside the building, all new electrical panelboards, wiring, devices and lighting
- Updated plumbing fixtures and ADA compliant bathrooms on every floor

Structural

- Structural repairs and reinforcement, masonry walls and roof framing
- New structure for proposed addition
- Insulated & moisture mitigated concrete slab at the ground level
- Mezzanine reinforced with new structural columns and beams
- Mezzanine over-build for code compliant stepped seating
- Reinforce steel framing at backstage roof and proscenium arch
